Subj: Special Notice Letter for South Dayton Dump and Landfill Site
1975 Dryden Road (aka) Springboro Pike, Moraine, OH

RE: Certified Mail to Ronald H. Barnett, 2255 East River Road, Moraine, OH 45439

Dear Madame/Sir:

I am in receipt of subject letter dated September 29, 2005. I would like to respond accordingly:

1. My property, purchased in 1991 consists of two acres has not been in any way altered since purchase to present.
2. There are two test wells indicated on the attached plot plan (see yellow highlight, attachment A). Well MW209 on the southwest corner and well MW212 on the west corner. Per the *Summary of Ground Water Analytical Results* from Coolidge, Wall, Womsley & Lombard, MW209 well shows no contamination as of May 9, 2000 to present. Test well MW212 shows no contamination as of June, 2001 to present.
3. The adjacent property, Globe Food Mfg., had testing done prior to new construction, (see Lot 3207, NE corner, attachment A, green highlight) and all tests proved negative for contamination.

While I know contamination is a great concern, I feel I should be exempt from these charges. I am a semi-retired citizen, age 74. I have always taken great pride in ensuring my property is well manicured and maintained. I have gates that prohibit any access to my property.

In lieu of the above, I ask that you please remove my name from the list of offenders of contamination. I would appreciate a reply in writing. Thank you for your consideration.

Respectfully submitted

Ronald H. Barnett
